*Join us for a very special time with Aunty Daisy Nash, kumu lomilomi, and Aunty Kathy Lum, specialist in the processing of virgin coconut oil and scenting of the oils with flowers.*

*Aunty Daisy will be teaching techniques for working with stroke patients to help restore speech, movement and vitality, as well as her own style of lomilomi. Demonstrations will take place and practice to follow.*

*Aunty Kathy will teach how to process virgin coconut oil from raw coconuts and then use flowers to scent the oils. This is a lost practice in the Hawaiian Islands, still common in Fiji, Aunty Kathy's home.*
